# Stanley Ann Dunham... Is It Possible Obama's Birth Mother Is Still Alive?... Maybe... You Decide

*Submitted by SadInAmerica on Fri, 07/31/2009 - 2:38pm.*

The following information was extrapolated and formulated from Mitchell Langbert's Blog for November 18, 2008. (This article definately gives information worth thinking about...)

## Communsim from day 1

It is reported that Obama's grandparents were members of the CPUSA communist party. Also his mother Ann Dunham. Obama's mentor Frank Marshall Davis was a big time player in the CPUSA in Chicago before leaving for Hawaii to live. Obama ends up where? Chicago. Obama immediately joined the NEW PARTY when he arrived and they helped him get elected to the Illinois senate.

## Who died and when?...

Ann Dunham's father seemingly never died and married another woman. Ann seemingly never died and is alive and well to this day. Did Obama's grandmother really die recently?

Keep in mind there were no funerals, just memorial services for each person. Also, there is no record of a Stanley Ann Dunham having been treated and dying in a Cancer Institute in Hawaii that Obama has made claim to. They have no record of her having died or even being there at all.

## What we're told...

-- November 7, 1995, Stanley Ann (Dunham-Obama) Soetoro allegedly died of "ovarian cancer" at age "56."

Her body was cremated; there was no funeral. Memorial service held in her honor at the University of Hawaii. No info on BHO attending; But “helped scatter her ashes over the Pacific Ocean.”

### Problems with the story...

-- An alias for Stanley Ann Dunham was found as a “relative/associate” of Madelyn L. Dunham, Honolulu, HI: “Kelly A. Dunham.”

-- Dunhams had only one daughter, Stanley Ann. Therefore, Kelly Ann, who does not seem to have any other history, is likely an alias for Stanley Ann.

An alias search for Stanley Ann at [www.recordsarea.com](http://www.recordsarea.com) shows the following information:

\*\* Kelly A. Dunham, associate/relative of Madelyn L. Dunham, Honolulu, HI;

\*\* Kelly A. Shippleck (Kelly A. Dunham), Phoenix, AZ [is this a third marriage or an alias for real estate/money laundering?].

\*\* Sandra Dunham (Sandra Lee Dunham), OH, FL

\*\* Susan N. Dunham, HI, CA. Ste (Stephen) Dunham, Honolulu, HI (Stanley Ann chooses another male name?)

\*\* Stephen O. Dunham, Honolulu, HI

\*\* Scott A. Dunham, (Stanley Ann chooses a second male name?), HI, WA, OR, TN, VA, IN.

Each of the aforementioned aliases contains one or more references to the above examples. In cases where the trail seemingly ends, one needs only to cross-reference the “relatives/associates” and the trail continues. Some entries show as many as “99 addresses” in one city and “160 relatives/associates

**ACTIVE** social security check on Stanley Ann Dunham

Her SSN is 535-40-8522 from [www.Ancestry.com](http://www.Ancestry.com)

A search at [www.intelius.com](http://www.intelius.com) using that SS# returns 2 addresses in Honolulu, HI and one address for NY, New York.

Stanley Ann's age for this record is shown to be age 66.

Telephone Number 212-573-5000

Job Title: Part of the Gender Equality Program

### Co Ford Foundation

It has been reported that Stanley Ann Dunham was at Ford Foundation during Barack's Columbia years.

A reverse phone number search for the Ford Foundation number returns an individual by the name of Scott Terkowitz

Did Scott Terkowitz take over that phone number and office? It looks like he had a California license and a West Virginia license to practice.

### Virginia Board of Dentistry

Each business in the building have their own phone number, as you would expect.

The phone for the first place (a medical firm) on the list was searched and it returned 24 people having the same and IDENTICAL phone number but with DIFFERENT addresses, even out of state, for that number.

**\*\*The common denominator of these results is each address is a different one for a different PHD Medical Doctor, but with the same phone number**

It is possible this is a national group but very odd having different addresses.

### **The Ford Foundation and Stanley Ann's connection there**

It is reported that Ann Dunham worked for the Ford Foundation in Indonesia for many years.

Going to the Ford Foundation website, the following information is given:

The Jakarta office makes grants in Indonesia.

Ford Foundation

P.O. Box 2030

Jakarta 10020, Indonesia

Tel. (+62) 21-252-4073

Fax (+62) 21-252-4078

[ffjakarta@fordfound.org](mailto:ffjakarta@fordfound.org)

The Ford Foundation began working in Indonesia, from an office located in Jakarta, in 1953. Over the years, we have provided more than \$450 million in grants in selected fields.

The great diversity of Indonesia's people and their culture—in terms of geography, religion, and social differences—is a source of strength and innovation.

At the same time, the nation's ethnic and linguistic diversity presents challenges, and certain groups are significantly marginalized in their access to resources or participation in decisions that affect their lives.

## Broad, Evolving Focus

The grant-making focus of the foundation has evolved over the years in response to the shifting political and economic landscape and the changing needs and priorities of Indonesia's people and communities.

Today, we are making major commitments in a range of areas, including local philanthropy; natural resources management, rural livelihoods and community empowerment; sexuality and reproductive health; governance and civil society; media, arts and culture; and formal and alternative education.

Grants in these areas have been designed to strengthen individual and institutional capabilities, support innovative practices and disseminate information on successful approaches"

The current analysis now raises this question:

Question... Are these doctors involved with Organ Harvesting/Trafficking?

Rising trade in Human Organs is Alarming. You can read the article on this here: <http://mitchell-langbert.blogspot.com/2008/11/contrairimairi-raises-baffling.html>

Indonesia is one of the "hot-spots" for organ trading.

Question... Are the people currently associated with the building that houses THE FORD FOUNDATION at 320 E. 43rd St. involved in another body organ trafficking ring?

Concerning Ann Dunham helped with microeconomics in Indonesia... so why her job title at Ford Foundation for Gender Equality?

The same pattern holds true for doing searches on the other phone numbers listed in the initial results. Each one returns a different list of Contacts, but each with the same phone number and yet different address. Each one is a Medical PHD.

A search for Ann Dunham and the Ford Foundation at [www.rantburg.com](http://www.rantburg.com) yields this result:

“Dunham-Soetoro became a consultant for the United States Agency for International Development on setting up a village credit program, then a Ford Foundation program officer in Jakarta specializing in women’s work.

Later, she was a consultant in Pakistan, then joined Indonesia’s oldest bank to work on what is described as the world’s largest sustainable microfinance program, creating services like credit and savings for the poor.”

**Overall analysis based on data presented above indicates...**

The multiple addresses under each alias suggest an extreme pattern of money laundering and real estate acquisitions. No one person would have so many addresses in one lifetime and certainly not under each alias.

The research has, quite by accident, opened the door to the world of organized real estate fraud and money laundering. Admittedly, charging the Dunhams and their presumed aliases and Stanley Ann and her aliases with complicity in this nation-destroying scam is a bold step forward and, journalistically, could be deemed premature.

However, the extent of money-laundering, as revealed by means of linking database names and real estate transactions, is staggering. On the basis of the above examples and evidence from other investigations, the numbers of properties involved likely number in the

millions and would be worth hundreds of billions of dollars, if not \$trillions.

What is most interesting in this is how they appear to be accomplishing this as it has mixed the old Muslim money system of hawala with modern credit card laundering, including ATM transfers with the direct quid pro quo involving non profits and the indirect infiltration of funds via some very connected Muslim billionaires, topped off with the public airwaves as a public paid for propaganda ministry.

For the basics, hawala, is an off the book banking system which runs the Middle East. No money ever exchanges hands across borders. It works like this: Ahmadinejad of Iran decides to disrupt the United States election process and tells a broker in Tehran, he wants to transfer several hundred thousand dollars to Iranian immigrants in the United States.

The broker takes the money from Ahmadinejad, writes the transaction down in his notebook, assigns it a transaction number which he tells Ahmadinejad to send to his Iranian agents in New York or Detroit, who then go in and pick up the cash from the hawala broker which looks like a noodle merchant in a run down store.

No money ever exchanges hands, but the Tehran broker will someday soon have money coming out of America and make the exchange and the books will balance then in a perpetual flow.

**Other interesting notes**, including information from an undisclosed source claiming to know the real Obama...

“There is no evidence Ann Dunham had even met Obama Senior in or around November 1960, the alleged time of conception, indeed it is not even clear Obama was in Honolulu at that time, although he may have been.

Ann Dunham was only 17 and although she might have been in Honolulu the timing is tight.

More to the point, she was in neither of the medical centers put forward by the Obama campaign (Question... why do they not know in which hospital he was born?) on August 4th, nor are there medical records to back up

the claimed birth, nor has an attending physician been named. I've heard of births with the father absent, births with the mother absent a bit trickier."

"There are said to be photos of Ann Dunham on Waikiki Beach taken in or about July 1961, when she is supposed to have been in her third trimester, in a bikini, taken by a fellow female student.

AD is clearly not pregnant. Media have not yet talked to fellow students, but it can't be long. There are bound to be other photos of AD in existence taken during the alleged 2nd and 3rd trimesters.

Obama campaign are terrified some one will press for her medical records, which have been accessed by CIA."

"Obama Senior was murdered in Kenya in 1982 to silence him.

Interesting story, his sister Auma as well — she appears to be a full sister, not a half-sister as he is claiming, i.e. they share the same mother.

She was ordered back to Kenya in 2007 to prevent DNA testing... CIA did a DNA test on the grandparents, using saliva from glasses, which conclusively rules out any relationship between Obama and the Dunhams."

"Effectively," the source concludes, "Obama is a German sleeper agent." There was the fact that in Hawaii the boy was tutored in the ways of revolution by leading black activists, Muslim activists, and Communist activists.

Influentia black nationalist and Communist Frank Marshall Davis would become a huge influence in the young Obama's life.

But things really got strange... with the revelation that Khalid al-Mansour, close adviser to a Saudi billionaire and royal family helped Obama get into Harvard Law School (and reportedly Columbia before that) and financed his education and advancement.

Dunham, prepared him for the subservient role he would later play, as a “surrogate grandfather” to a fictional character created for the purpose of first infiltrating, then compromising the United States government.

Lebanon Connection, money-laundering scheme using counterfeit money and stolen credit cards

\*\* Ann Dunham possibly not a America citizen and went to school in Beirut, Lebanon. Possibly the family was smuggled into the US as spies. No wonder Obama refuses to show his birth certificate.

"It is not that difficult my fellow and fellowette citizens. I will remind you that Mr. Obama is currently being fed over \$250 million in overseas funds!

This is the same overseas forgery center of the Bekaa Valley in Lebanon which has the Xerox DocuColor 100 digital printing press at \$500,000 a unit, along with the old acid paper and the presses which turns out hundreds of millions of dollars to fund terrorism around the world.

Do you really think an operation which was Axelrod inept and has graduated to contracting outside computer hackers in a quid pro quo is now going to be sunk in not coming up with a few documents and a few Democrats from operational military and intelligence backgrounds to clean up this problem?"

"The process is simple. 3rd world bank takes in counterfeit money to pay for non used credit cards which have been stolen."

"The payments are all electronic, so no statements are sent to unsuspecting people.

The net result the Obama campaign hauls in over 250 million in donations which means a big black hole deficit in someone's legitimate bank."

"Rep. John Boehner of the GOP asking about ghost loans of 2 trillion dollars to who knows where and what that the taxpayer is being stuck with in asking the real questions of just how much of this government bailout money and financial disaster flowed directly into Barack Obama's campaign funding orgy of 800 million dollars.

We know for a fact today that the Democratic Party BORROWED 15 million dollars for Barack Obama in the last weeks of the election. Which banks did this come from and as homeowners were in dire straits at the very least banks were giving Obama loans for steak dinners and jet trips while poor people were being squeezed to pay their mortgage."

### **The scheme in detail as explained by an expert in the process**

"Obama receives 300 million dollars from the Middle East. The said Middle East bank has in it counterfeit money from Lebanon deposited knowing it is bogus.

Said Obama operatives in the Middle East take stolen American credit card numbers which if one recalls were all over the news just before the Obama campaign decided it was going to raise money via credit cards.

The operatives phone Obama's Penny Pritzker and donate whatever amounts that showed up on their books which amount to 300 million dollars.

American credit card companies pay it thinking they are being paid with real money from these banks. The operatives pay by electronic transfers the credit card bill so no physical bill is sent and the owner whether living or dead has no idea their account is active as most accounts do not show year end

statements.

The money then goes into the Obama accounts in America banks and is paid out to willing Obama sucklings all squealing like pigs for the Obama in being funded by him.

For all the nonsense of Shep Smith not believing the MSM is in the tank for Obama and made a difference, no one has asked grinning Shep just how much 800 million dollars buys in loyalty from the media.

At the very least Barack Obama is on record for taking 15 million dollars from a strapped population in need of every cent to make house payments.

At the mid ground, Barack Obama owes 300 million dollars in money which should be seized by the Treasury as it was fraudulent coming out of the Middle East.

At the maximum, Barack Obama is knowingly guilty of criminal money fraud in taking a part in funding his campaign in the economic rape of the United States."

\*\* "No birth certificate for Stanley Ann Dunham or her parents, or her maternal grandparents. No marriage certificate for Ann's parents and no record of Ann's fathers service in the military. This would be a point Obama made to throw everyone off that no one in his family is a natural born citizen including him.

So why is the government covering up all of this for Obama? All these records Obama talks about are available to the FBI and the CIA. Yet we hear nothing?

We have no idea who Obama is. But this information here says he is a part of something larger than just POTUS." \*\*
